EXPERIENCE

Freelance Web Developer Self-Employed

**Jan 2023 - Present
Roseburg, OR**

Conceived, developed, and maintained a range of web applications, focusing on responsiveness, user experience, and code quality.

Key Accomplishments:

- Implemented various web projects, including a React.js-based portfolio application and various other applications tailored to solve real-world problems.
- Consistently honed development skills, staying up-to-date with the latest web development technologies and best practices.
- Successfully adhered to project timelines and coding standards in each project, focusing on delivering quality, maintainable code.

Lithia Body & Paint Estimator

**Aug 2022 - Feb 2023
Roseburg, OR**

Leveraged analytical skills and digital tools to enhance client communication, user experience, and project estimates, demonstrating strong customer service and project management skills.

Key Accomplishments:

- Revitalized client communication and project estimates using digital tools, which significantly enhanced customer satisfaction and facilitated smooth project management.
- Boosted operational efficiency and cost-effectiveness by streamlining project cost estimates, thereby optimizing vendor selection and reducing overall project costs.

UPS Service Provider

**June 2013- July 2023
Roseburg, OR**

Delivered superior customer service by effectively leveraging communication skills, problem-solving techniques, and digital platforms to streamline data entry processes.

Key Accomplishments:

- Improved organizational efficiency by adapting to digital platforms and streamlining data entry processes for customer information, shipments, and orders.
- Reduced delivery errors by 20% through the effective use of digital tools for order and customer data management.
